

	Slide screening test for Brucella antibodies
Application	For the detection of antibodies to Brucella antigens
Specificity	Specific reactivity towards antibodies to Brucella antigens
Reagent	Smooth, killed buffered suspensions of <i>Brucella abortus</i> strain 99, coloured with rose bengal
Positive Control	Reactive with the reagent
Test duration	One minute assay
Storage / Stability	2-8°C, 24 months

Presentation	Pack	Cat.No.
BRUCEL-RB	5 ml	105630005
